

Dear Sir,

In a reply from you regarding your books on the Kennedy Assassination, you sent me a order form and you have that The Post-Mortem: Suppressed Kennedy Autopsy was in preparation but you have it crossed out, I would like to know when I can order it. and if you give a discount for buying all of your books on the Kennedy Assassination.

Thank you.

Dear Mr. Brandes,

It has not been possible to print Post Mortem and no copies are available.

We keep a list. If and when it can be printed we'll let you know.

We can't afford to give discounts on orders of the full set, which are nearing their end with some volumes and we do not have the funds to reprint.

However, we have not raised the ~~retail~~ price except to make the postage and handling come closer to our costs with nothing for the time. The postage and the wrapping (envelope) are all we add.

The fourth of the Whitewash series is not out. The printer has not yet delivered the flyer. It is based on a 90-page TOP SECRET Warren Commission transcript, reproduced in facsimile. I got it by a suit. That is illuminated by an appendix of FBI and Secret Service reports and other such materials - new and not published by the Commission - also in facsimile.

The new book was reported nationally and extensively by AP, UPI and other wire services.

Sincerely,

Harold Weisberg
